FACULTY ACTIVITIES ARE OF INTEREST TO STUDENTS

If a member of the faculty makes a trip or partakes in a program connected with his field of study, it is a matter of interest to the college group. A knowledge of the position which these members hold in the eyes of other educational groups adds to the appreciation of their services. Accounts of conventions or lectures attended by the faculty add to the knowledge of worthwhile activities outside of the campus. Therefore the trips of the faculty are not too personal nor too unimportant to be of interest to the rest of the faculty or of the students. We are all one group, each member of which is interested in the activities and honors of every other member.

Prof. Crowley Attends Art Conference

Professor Crowley attended the Twenty-fifth Manual Arts Conference of the Mississippi Valley, Dec. 13-15. This conference is made up of sixty-five members who are heads of Industrial Arts department in teacher training institutions. From Thursday morning until Saturday noon addresses on various subjects in the field were given. On Thursday night the 25th anniversary dinner and program was given. Professor Crowley was one of the speakers during the Saturday morning discussion.

Woman's Faculty Club

Members of the Women's Faculty Club met Dec. 20 at the Woman's Club. Janet Bower and her committee were in charge of the evening's entertainment. As is the custom each member brought gifts for the needy children of the Training School. These were heaped high on a table in the center of the room. The members sat around the edge at small tables. The room was very prettily decorated with Christmas greens and red candles. Pauline DeVerna accompanied by her sister, Fanchon, played softly on the violin during the meal. Afterwards they played carols in which the members joined.

Faculty's Vacation

Some members of the faculty have used their vacation time by attending meetings or making tours. Here are a few notes on their doings:

Prof. Biery spent the entire time at his home in Windermere, Fla. Each morning he ate oranges from his own trees.

Prof. Carmichael and his family accompanied the debate team to New Orleans.

Prof. Fauley attended the convention of the National Association of Music Teachers in Milwaukee, Wis.

Of course, you know Prof. Holt conducted the tour through Florida.

Dr. Kohl attended the meetings of the American Sociological Society and American Economics Association in Chicago, Dec. 27-29. Last Friday, Jan. 4, he met all of the Social Science teachers of Crawford county in conference.

Prof. Moseley spent his vacation in West Carroll Parrish, La.

Prof. Mathias and his wife visited relatives in Indiana.

Miss Nielsen visited relatives in Omaha, Neb.

Dean Overman and family spent Christmas with relatives in Napoleon, O.

Drs. Otis and Slater attended the ninety-fifth national meeting of the American Association for the Advancement of Science in Pittsburgh. One feature of the meeting was the exhibits which occupied one floor of the new building of the Mellon Institute of Industrial Research. Probably the best-known of the speakers at the convention was Prof. Albert Einstein.

Prof. and Mrs. Reebbs spent ten days vacationing in Chicago and the remainder of the time with relatives in Michigan.

Prof. Schwarz and Dr. Bourne both attended the meeting of the American Historical Association in Washington, D. C.

Dr. Williamson visited in Cedarville.

Dr. Williams, Dr. Zaugg, Dean Hissong, and Mr. Jordan attended the Ohio Education Association conference in Columbus. Dean Hissong was delegate from this college district.

Scholarship Contest

The District Scholarship contest will be held on this campus on the first Saturday in May. The plans of procedure are as usual. This contest will bring to the campus approximately twelve hundred contestants from the high schools of the twenty-one counties in northwestern Ohio.

DEBATE TEAM MAKES TRIP TO NEW ORLEANS

On December 21, 1934, Professor J. W. Carmichael and two debaters, Karl Karg, Jr., and Earl Cryer, left Bowling Green for New Orleans. On that evening, the team discussed the question of the prevention of shipments of arms and munitions through international agreement with a team of the University of Cincinnati at a dinner-debate in the University Y. M. C. A. Members of the Debate Council and of the International Club made up the select and interested audience. An open forum discussion of the merits of the question followed. Professor K. R. Pringle and his Kent State debaters took part having joined the party at Findlay.

Both groups arrived at Cape Girardeau, Missouri, on Saturday evening and remained there two days, the Bowling Green coach and debaters as guests of the Southeast Missouri State Teachers College. On Sunday afternoon, Kent debaters engaged those of State Teachers. In the evening, Bowling Green debaters met the Cape Girardeau speakers in a fine discussion in the Methodist church in which the position taken by the opponents on the question was thoroughly broken down by our speakers. Professor Rose of State Teachers stated after the debate that our men had presented the finest rebuttal speeches that he had heard in many a year. On Monday morning, Kent and Bowling Green boys presented a debate before Professor Rose and then listened to criticisms and suggestions by him.

The convention of the National Association of Teachers of Speech opened in the Tip-Top Inn of the Roosevelt Hotel at nine o'clock on Thursday morning. Representatives of both the Northern and Southern Associations met for the first time in the South. The demonstration debate between Kent and Bowling Green was held at four o'clock in Room G. before an audience composed of debate coaches. So many came

Funds for Education

The sales tax and other smaller bills recently passed by the state legislature will bring an estimated revenue of \$70,500,000. Of this the schools will get 60 per cent after deductions have been made for the poor relief and old age pension funds. In other words, the school will get about \$22,000,000. This is estimated to give an amount of about \$27 per elementary school child and about \$40 per high school pupil. These sums will need to be supplemented by local levies of 3½ mills.

Chapel

A lovely Christmas program was presented by members of Book and Motor for chapel, Dec. 19. The first part of the program consisted of Christmas carol tableaux; the second of Christmas songs from foreign lands and a Christmas reading. The settings and stage decorations were impressive. The whole program was a true expression of the Christmas spirit. Miss Nielsen directed the presentation. Members of the program committee were Charlotte Planson, Eloise Barthold, Earl Brooks, Harold Ringer, Mildred Lantz.

Changes in FERA

FERA jobs will be subject to changes at the beginning of the second semester. Students should keep in mind that they must pass at least 12 credit hours to be eligible to continue their work. Those who do not meet the requirements will be dropped from the list.

that the room would not hold all. Mr. Karg opened the debate with what Professor Riley of the University of Michigan called one of the best introductory speeches to which he has listened. Mr. Cryer ably defended the position taken. The Kent speakers narrowed the discussion and carried on the debate on fine-spun points of logic. At the evening dinner of members of national honorary societies opinion was unanimous that such debates be made a part of the convention programs. Hence Bowling Green has the honor of having initiated this new feature of convention programs.

On Thursday of this week, Karg and Cryer will discuss some phases of the munitions question before the Kiwanis Club of this city. They will be introduced by Prof. Carmichael. On the same day two of our women's teams will meet women debaters from Manchester College, Indiana. On Friday the same teams will debate in the women's tournament at Kent State. At 7:30 Thursday evening, Karg and Cryer will meet a University of Toledo team before the American Legion group at Waterville, Ohio. This debate has been widely advertised.

Commoners

Back again! Some of us must rest during school days so that we're ready for a vacation. Did you ever here boys "talk turkey"—you ought to hear this! But, evidently, we didn't all eat all of the time! "Why the bruise on the side of your face?" Oh, I see you've been skating and didn't know how"—tsk, tsk! (Stars fell on ice last week.) And you ought to see the array of Christmas gifts! Each one has his long story to tell—buzz, buzz—whata life! And there will be 8 o'clocks in the morning. Wonder how the Professor is going to feel? S'funny that few of us got a book for a Christmas gift—isn't it? Maybe our friends understand College nature. The only books I see around here have been on the same spot for two weeks.

Sweet remembrances! 'Twas a very fine game the basketball team played Thursday evening, wasn't it? Keep up the good work fellows! Then there was the Christmas program too Thursday eve. Orchids to the music department! Friday was the suit-case parade—justifiable this time! And now we're ready for—well anything. 'Twas the month before exams, and the basketball game—etc. See you next week—until then, bon voyage.

STOP! LOOK! LISTEN!

We are approaching a new era at Bowling Green! At last there is some spirit evident at our athletic contests! If we keep improving we will be up parallel with the other colleges of the state! In view of this improvement the following suggestions are made.

The cheering section during the basketball season will occupy the entire row of bleachers on the east side of the gymnasium. All those who wish to cheer please seat yourselves there. All those who occupy these seats will be expected to join in on all cheers!

Please note the following new cheers and either learn them or bring your Bee Gee News with you to the game as these will be used!

F-A-L-C-O-N, F-A-L-C-O-N, F-A-L-C-O-N
Falcons! Falcons Falcons!

Two divided cheers—

Ow!—Wow! Orange!—Brown!
Ow!—Wow! Orange!—Brown!
Bee Gee! (all) We'll Win!—We'll Win!
Bee Gee (all)

We've had two games and two wins. Both games were over time affairs—but we won! We've got a *great* team—all they need is a *great* student body behind them. Do you know what kind of teams we've beaten? They're two of the best in the state. Kent has beaten Toledo! Otterbein is next! Let's all get out and back our team 100 percent—that's the way games are won! We can do it and will! Thanks for the support! See you at the game—*every game*.

A Cheer Leader

P. S. If you have any "pet" cheer you would like to see produced—give it to one of the cheerleaders. We're open to suggestions, let's have them.

THE NEW YEAR

The new year should bring the cheerleaders of B. G. S. C. some new yells. We hope that Saint Nick left them some. It is evident that a variety is needed as there was only three yells used at the last basketball game with Kent State. A variety of yells will help in getting the students to yell. A student gets tired of yelling the same yell continuously. Several students were heard to make this remark. "So what, cheerleaders, let's give B. G. S. C. a new deal and canvass the student body for some new yells."

What has happened to the cryptograms? They were a big help to the paper. Why not print them again.—A student.

MEN'S ATHLETICS

With the new year coming in maybe it will mark a new era in the athletics of B. G. S. C. The football team while experiencing a bad season shows the signs of having a much better eleven next fall. Several veterans of the team will be available along with some fine Freshmen prospects. The basketball season having just gotten under way finds Bowling Green among the leaders of the Ohio Conference with two victories without having tasted defeat. B. G. has shown the other conference members that she is a strong threat for the title. A tough eleven game schedule is to be faced this month and next month and the Falcons must win these to be a bidder for the title. The team is expected to lose a game or two but will be among the leaders at the close of the season. Little is known at this time about track and baseball but we hope that B. G. will be among the leaders of the conference in these sports.

The intramural basketball league is entering into its second half play and at the end of the first half the Delhi team was leading with eight straight victories without a defeat. With an easy schedule this half the Delhi team is the favorite to win the championship again. The Travelers are pressing the Delhi team hard with 7 victories and 1 defeat. The intraclass games just got under way before the Christmas vacations and at this time little is known about the teams. In the opening game the Freshmen defeated the Sophs and the Juniors downed the Seniors. A close race is expected.

The girls basketball teams played their first game the week preceding Xmas. We have eight teams formed, having about 100 girls out this year. On Monday night the Willie Whoppers beat the Sky Flyers; the Five Sisters won by a forfeit over the Skolettes; the Prospectors won over the KWB co'eds; and the B. G. Comets won from the Goal Getters.

Only one game was played Wednesday between the Five Sisters and Sky Flyers. The Five Sisters are still undefeated with the second game played.

Thursday night had only one game in Gym A, between the B. G. Comets and Prospectors. The Prospectors coming out on top again with a score of 28-21 with Nantell as referee.
